

“ONCE IN AWHILE,
RIGHT IN THE MIDDLE
OF AN ORDINARY LIFE,
LOVE GIVES US A FAIRY
TALE.”

CC MEDIA FILMS

It's All about your love

Your wedding is one day. The One day where you get to look back and know that you enjoyed every single moment.

Every hug & kiss. Every laughable moment, every tear cried and every boogie had on the Dance floor. We want to help you remember & make time for those moments.

We document the day and tell your story to reflect the love you have with each other along with all your family and friends. In an unobtrusive way we capture natural moments and ensure you have the best day of your lives.

VIDEO PACKAGE #1

- 1 Videographer for 8 Hour Coverage
- 4-6 Minute Highlight of your Wedding Day

FREQUENTLY ASKED QUESTIONS

Where are you based?

I am based in Sydney.

Do you travel?

Yes, I travel anywhere around the world! In Australia, anywhere outside of Sydney, there is a \$250 travel fee.

My partner isn't too keen on video and being in front of the camera...

Yes it can be quite daunting being in front of the camera, however, our style of shooting is very candid. We are here to document the day as natural as possible and make sure you guys enjoy your day. We work around your photographer and we are unobtrusive.

Can we meet before our wedding day

Yes of course! This is encouraged as I like to meet all my couples and give a bunch of tips to help us capture your special day and find out more about you.

What does the Doco/Edit in full consist of?

The following is edited in full: Ceremony, Speeches, Entries, Cake cut, Bridal Waltz and Traditional/ Cultural Music. Shots that are montaged throughout the video: preparations, pre-ceremony, post-ceremony, location shoot, pre reception, dancing.

Do we pick our music?

For anyone choosing a doco edit/long version I ask for 5-10 songs you would like to have in your video. I use these for your montage sections, ie: bride prep, groom prep, location shoot etc. For your highlight we use licensed songs so that we are able to upload online that doesn't breach any copyright laws.

Do I need a second shooter?

I personally highly recommend a second shooter! It allows us to split up in the morning for bride & groom prep coverage and not have to worry about timings. It also allows us to use more camera angles and variety in capturing your special day during all formalities and get creative during location shoot.

Do you back up everything?

Yes, I double back up everything :)

Do you Supply RAW footage/images?

Yes, I am happy to provide RAW footage of what is captured on the day. There is a \$500 fee for video & \$1000 for images, and this comes with a Hard Drive as well.

Do you have Public Liability & Insurance?

Yes I do have both public liability and insurance, however, if a guest purposely damages camera equipment (because they have had too much to drink) there is a replacement or repair cost.

What is the turn around time?

Edits can take 2-3 months, however generally it is earlier as it mainly depends on the back log of edits. Photos within 1 month.
